

Olympus Advantage Program (OAP) Customized Financing Solutions for your facility

Are you facing challenges when budgeting for Capital or Service?

Olympus offers innovative medical technologies that can expand your facility's ability to deliver diagnostic and therapeutic solutions to more patients while managing overall costs. We will help you meet the growing opportunities for procedures moving to outpatient facilities in the face of industry shifts.

Solutions

- Delivery of the capital and service at no down payment cost to you
- Credit towards your capital and/or service order

Added Value

- Interest-free financing available
- Discounts offered on single-use devices

Flexibility

- Up to a 60-month term
- Single-use device mix can be customized to help meet your facility's goals

We are the partner you can count on.
